 **Email:** bipinpaul96@gmail.com

Currently: Bangalore, India
From: Kolkata, India

SKILL SUMMARY

- Software development and Design with strength in Algorithms.
- SOA, Service Oriented Architecture Implementation and Integration.
- Being under Horizontal Domain, collaborating with business processes and numerous teams to gather requirement and arrive to a common architecture.
- Machine Learning Developer.

SKILLS

Languages

C	Embedded C
C#	Prolog
Python	SQL
JavaScript	T-SQL
XSLT	AngularJS
PowerShell	HTML XML

Technologies and Frameworks

BizTalk Server	ESB
MVC.NET	Angular
ASP.NET	ADO.NET
BTDF	Django
WCF	SOA

Tools and Software

Visual Studio 2010, 2017
SQL Server Management Studio
Internet Information Services, MS IIS
Biztalk Server Administration Console
Chrome Developer Tools
Business Rule Engine
GitHub Desktop
Azure Logic Apps
Bootstrap
Octave
Team Foundation Server
SOAP UI
FileZilla
ESB Toolkit
GitExtension

OS Worked on

Windows PC 8,10
Windows Server 2008 R2
Windows Server 2012
Linux mint

SUMMARY

Innovative programmer with a ready to learn mentality, strong in Data Structures and Algorithms, team player and leadership ability with multi-disciplinary knowledge. A fast learner and hard learner with independent thinking capability.

Proficient in an array of integration tools and full stack practice in .NET technology. Have experience in developing hybrid integration apps using MS Biztalk server as well as websites, web API's with ASP and MVC architecture. Strong in C, C#, XSLT, JavaScript, JQuery, HTML, T-SQL with SQL Server.

As a technology enthusiast and a student from Computer Science Engineering background, also completed multiple projects on embedded systems, Django with python and machine learning.

EXPERIENCE

Program Analyst | CEP-HYBRID Sept, 2017 – Present

Cognizant Technology Solutions

Projects: CHUBB Insurance | Under Writing Portal, Financial Lines

CHUBB Insurance | WorkView Integration

- Developing multiple hybrid integration project of heterogeneous services for connected MNC using Biztalk Server integration and ESB Toolkit in .NET Framework.
- Providing reliable web service interfaces for underwriters for casualty/property policy booking under insurance business unit.
- Following the project lifecycle methodology; like Agile and Waterfall defined under the process framework; ensuring that customer expectations are met under budget.
- Creating Rating services as add-ons to financial line and automated tools for smooth execution of process, monitoring, reprocessing and practice workflow.
- Served multiple websites and prototype making for internal projects of Cognizant (Chennai) in ASP.NET and MVC.NET with C#, and T-SQL with SQL Server.

EDUCATION

BACHELOR OF TECHNOLOGY

Maulana Abul Kalam Azad
University Of Technology
CGPA: 8.47
B. Tech In Computer Science
And Technology, B.P. Poddar
Institute of Management and
Technology
2013 - 2017

HIGHER SECONDARY

WBCHSE
PERCENTAGE: 80.2
